Overview

This document lists regulations with which the NVIDIA IGX Orin™ Developer Kit (Compliance Model: P3840) is compliant.

Export Control Classification Number: 4A994.L

Harmonized Tariff Schedule Code: 8471.50
Attachments

Attached to this PDF are certifications (PDF documents) listed in Table 1.

To access the attached files:
1. Click on the Attachment icon on the left-hand toolbar on this PDF (using Adobe Acrobat Reader or Adobe Acrobat).
2. Select each file.
3. Use the Toolbar option (Open, Save) to retrieve the file.
Compliance Certifications

The files listed in the table below, included as attachments to this PDF document, are compliance certifications, which are required for the sale of the NVIDIA IGX Orin Developer Kit.

Compliance Regulations

The NVIDIA IGX Orin Developer Kit (Compliance Model: P3840) is compliant with the following regulations:

> United States and Canada
  - Federal Communications Commission (FCC)
  - TUV (TUV)
  - Innovation, Science and Economic Development Canada (ISED)

> European Union (excludes Switzerland), Hong Kong, Turkey
  - European Conformity; Conformité Européenne (CE)

> United Kingdom
  - UK Conformity Assessed (UKCA)

> Japan
  - Voluntary Control Council for Interference (VCCI)
  - Radio/Telecommunications Certification (MIC)

> South Korea
  - Korea Certification (KC)

> Australia/New Zealand
  - Australian Communications and Media Authority (ACMA)

> China
  - China Compulsory Certificate (CCC)
  - State Radio Regulation of China (SRRC)

> Taiwan
  - Bureau of Standards, Metrology & Inspection (BSMI)
  - National Communications Commission (NCC)

> India
  - Bureau of Indian Standards (BIS)
  - Wireless Planning & Coordination Wing (WPC)

> IEC CB Scheme

> Bluetooth® SIG
United States

Federal Communications Commission (FCC)

Contains FCC ID: TX2-RTL8822CE

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including any interference that may cause undesired operation of the device.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Warning: The FCC requires that you be notified that any changes or modifications to this device not expressly approved by the manufacturer could void the user’s authority to operate the equipment. Only those antennas with same type and lesser/equal gain filed under this FCC ID number can be used with this device.

RF Radiation Exposure Statement:

This equipment has been tested and complies with FCC RF radiation exposure limits set forth for an uncontrolled environment when used with the NVIDIA accessories supplied or designated for this product. The use of any other accessories may not ensure compliance with FCC RF exposure limits. This equipment should be installed and operated with a minimum distance of 20 centimeters between the radiator and your body.
cTUVus

cTUVus recognized product logo for NVIDIA IGX Orin Developer Kit, Model: P3840
Canada

Innovation, Science and Economic Development Canada (IC)

Contains IC: 6317A-RTL8822CE

CAN ICES-3(B)/NMB-3(B)

This device contains license-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada’s license-exempt RSS(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

L’émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d’Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L’exploitation est autorisée aux deux conditions suivantes: (1) l’appareil ne doit pas produire de brouillage, et (2) l’utilisateur de l’appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d’en compromettre le fonctionnement.

**Caution:** operation in the band 5150-5250 MHz is only for indoor use to reduce the potential for harmful interference to co-channel mobile satellite systems

Be advised that high-power radars are allocated as primary users of the bands 5250-5350 MHz and 5650-5850 MHz. These radars could cause interference and/or damage to LE-LAN devices

**Attention:** les dispositifs fonctionnant dans la bande de 5 150 à 5 250 MHz sont réservés uniquement pour une utilisation à l’intérieur afin de réduire les risques de brouillage préjudiciable aux systèmes de satellites mobiles utilisant les mêmes canaux.

Être informé, radars à haute puissance sont désignés principaux utilisateurs de bandes 5250-5350 MHz et de 5650 à 5850 MHz, et que ces radars pourraient causer du brouillage et/ou des dommages aux dispositifs de RL-EL.

RF Radiation Exposure Statement:

NVIDIA IGX Orin Developer Kit has been tested and complies with ISED RSS 102 RF radiation exposure limits set forth for an uncontrolled environment when used with the NVIDIA accessories supplied or designated for this product. To satisfy ISED exposure requirements, a separation distance of at least 20 cm must be maintained between the antenna of this device and persons during device operation. The use of any other accessories may not ensure compliance with ISED RSS 102 RF exposure guidelines.
Déclaration d'exposition aux radiations:
NVIDIA IGX Orin Developer Kit a été testé conformément aux normes d'exposition d'émission RF de la ISED RSS 102 pour un environnement non contrôlé lors d'utilisation avec les accessoires fournis ou recommandés par NVIDIA. Pour satisfaire aux exigences d'exposition ISED, une distance de séparation d'au moins 20 cm doit être maintenue entre l'antenne de cet appareil et des personnes pendant le fonctionnement de l'appareil. L'utilisation d'accessoires autres que ceux recommandés par NVIDIA ne garantit pas la compatibilité avec les normes d'émission RF de la ISED RSS 102.
European Union

European Conformity; Conformité Européenne (CE)

This device complies with the following directives:

> RoHS Directive 2011/65/EU

The full text of the EU declaration of conformity is available at:

A copy of the Declaration of Conformity to the essential requirements may also be obtained directly from NVIDIA GmbH (Bavaria Towers – Blue Tower, Einsteinstrasse 172, D-81677 Munich Germany).

This device operates in the following frequency bands and maximum transmitted power:

<table>
<thead>
<tr>
<th>Frequency Band</th>
<th>EIRP (dBm)</th>
<th>EIRP (mW)</th>
</tr>
</thead>
<tbody>
<tr>
<td>2400 – 2483.5 MHz (Bluetooth)</td>

<tr>
<td>5725 - 5850 MHz</td>
<td>14</td>
<td>25</td>
</tr>
</tbody>
</table>

Warning:

> Operation of this device in the 5150 - 5350 MHz frequency band is restricted to indoor use.
> This equipment must be installed and operated with a minimum distance of 20 cm between the radiator and your body.
> Any modifications to this device, not expressly approved by the manufacturer, voids the user authority to operate the equipment.

Hardware version: 670-23840-0000-000.Vx
Firmware version: v5.9.0.3d
Great Britain (England, Wales, and Scotland)

UK Conformity Assessed

Restrictions or Requirements for use in the UK.

This device complies with the following Regulations:

- SI 2017/1206 Radio Equipment Regulations 2017
- SI 2012/3032: The Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment (As Amended)

The full text of the UKCA declaration of conformity is available at: https://developer.nvidia.com/downloads.

A copy of the Declaration of Conformity to the essential requirements may also be obtained directly from NVIDIA Ltd. (100 Brook Drive, 3rd Floor Green Park, Reading RG2 6UJ, United Kingdom).

This device operates in the following frequency bands and maximum transmitted power:

<table>
<thead>

</table>

Warning:

- Operation in 5150 - 5350 MHz frequency band is restricted to indoor use.
- This equipment must be installed and operated with a minimum distance of 20 cm between the radiator and your body.
- Any changes or modifications to this device not expressly approved by the manufacturer could void the user’s authority to operate the equipment.
Australia and New Zealand

Australian Communications and Media Authority

This product meets the applicable EMC requirements for Class B, I.T.E equipment and applicable radio equipment requirements.

This product meets the applicable requirements for telecommunications equipment and can legally be connected to a telecommunication network.
Japan

Voluntary Control Council for Interference (VCCI)

Translation:
This is a Class B product based on the standard of the VCCI Council. If this is used near a radio or television receiver in a domestic environment, it may cause radio interference. Install and use the equipment according to the instruction manual.

Notes:

1. “0” indicates that the level of the specified chemical substance is less than the threshold level specified in the standard, JIS C 0950: 2008.

2. “Exempt” indicates that the specified chemical substance is exempt from marking and it is not required to display the marking for that specified chemical substance per the standard, JIS C 0950: 2008.

3. “Exceeding 0.1wt%” or “Exceeding 0.01wt%” is entered in the table if the level of the specified chemical substance exceeds the threshold level specified in the standard, JIS C 0950: 2008.

The table according to SJ/T 11364-2014

O: Indicates that this hazardous substance contained in all of the homogeneous materials for this part is below the limit requirement in GB/T 26572-2011.

X: Indicates that this hazardous substance contained in at least one of the homogeneous materials used for this part is above the limit requirement in GB/T 26572-2011.

All parts named in this table with an “X” are in compliance with the European Union’s RoHS Legislation.

Note: The referenced Environmental Protection Use Period Marking was determined according to normal operating use conditions of the product such as temperature and humidity.

Notice
This document is provided for information purposes only and shall not be regarded as a warranty of a certain functionality, condition, or quality of a product. NVIDIA Corporation ("NVIDIA") makes no representations or warranties, expressed or implied, as to the accuracy or completeness of the information contained in this document and assumes no responsibility for any errors contained herein. NVIDIA shall have no liability for the consequences or use of such information or for any infringement of patents or other rights of third parties that may result from its use. This document is not a commitment to develop, release, or deliver any Material (defined below), code, or functionality.
NVIDIA reserves the right to make corrections, modifications, enhancements, improvements, and any other changes to this document, at any time without notice.
Customer should obtain the latest relevant information before placing orders and should verify that such information is current and complete.
NVIDIA products are sold subject to the NVIDIA standard terms and conditions of sale supplied at the time of order acknowledgement, unless otherwise agreed in an individual sales agreement signed by authorized representatives of NVIDIA and customer ("Terms of Sale"). NVIDIA hereby expressly objects to applying any customer general terms and conditions with regards to the purchase of the NVIDIA product referenced in this document. No contractual obligations are formed either directly or indirectly by this document.
Unless specifically agreed to in writing by NVIDIA, NVIDIA products are not designed, authorized, or warranted to be suitable for use in medical, military, aircraft, space, or life support equipment, nor in applications where failure or malfunction of the NVIDIA product can reasonably be expected to result in personal injury, death, or property or environmental damage. NVIDIA accepts no liability for inclusion and/or use of NVIDIA products in such equipment or applications and therefore such inclusion and/or use is at customer's own risk.
NVIDIA makes no representation or warranty that products based on this document will be suitable for any specified use. Testing of all parameters of each product is not necessarily performed by NVIDIA. It is customer's sole responsibility to evaluate and determine the applicability of any information contained in this document, ensure the product is suitable and fit for the application planned by customer, and perform the necessary testing for the application in order to avoid a default of the application or the product. Weaknesses in customer's product designs may affect the quality and reliability of the NVIDIA product and may result in additional or different conditions and/or requirements beyond those contained in this document. NVIDIA accepts no liability related to any default, damage, costs, or problem which may be based on or attributable to: (i) the use of the NVIDIA product in any manner that is contrary to this document or (ii) customer product designs.
No license, either expressed or implied, is granted under any NVIDIA patent right, copyright, or other NVIDIA intellectual property right under this document. Information published by NVIDIA regarding third-party products or services does not constitute a license from NVIDIA to use such products or services or a warranty or endorsement thereof. Use of such information may require a license from a third party under the patents or other intellectual property rights of the third party, or a license from NVIDIA under the patents or other intellectual property rights of NVIDIA.
Reproduction of information in this document is permissible only if approved in advance by NVIDIA in writing, reproduced without alteration and in full compliance with all applicable export laws and regulations, and accompanied by all associated conditions, limitations, and notices.
THIS DOCUMENT AND ALL NVIDIA DESIGN SPECIFICATIONS, REFERENCE BOARDS, FILES, DRAWINGS, DIAGNOSTICS, LISTS, AND OTHER DOCUMENTS (TOGETHER AND SEPARATELY, "MATERIALS") ARE BEING PROVIDED "AS IS." NVIDIA MAKES NO WARRANTIES, EXPRESSED, IMPLIED, STATUTORY, OR OTHERWISE WITH RESPECT TO THE MATERIALS, AND EXPRESSLY DISCLAIMS ALL IMPLIED WARRANTIES OF NONINFRINGEMENT, MERCHANTABILITY, AND FITNESS FOR A PARTICULAR PURPOSE. TO THE EXTENT NOT PROHIBITED BY LAW, IN NO EVENT WILL NVIDIA BE LIABLE FOR ANY DAMAGES, INCLUDING WITHOUT LIMITATION ANY DIRECT, INDIRECT, SPECIAL, INCIDENTAL, PUNITIVE, OR CONSEQUENTIAL DAMAGES, HOWEVER CAUSED AND REGARDLESS OF THE THEORY OF LIABILITY, ARISING OUT OF ANY USE OF THIS DOCUMENT, EVEN IF NVIDIA HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. Notwithstanding any damages that customer might incur for any reason whatsoever, NVIDIA’s aggregate and cumulative liability towards customer for the products described herein shall be limited in accordance with the Terms of Sale for the product.

Trademarks
NVIDIA, the NVIDIA logo, NVIDIA Orin, and NVIDIA IGX Orin, are trademarks and/or registered trademarks of NVIDIA Corporation in the U.S. and other countries. Other company and product names may be trademarks of the respective companies with which they are associated.
